

# YOU CAN MAKE A DIFFERENCE

**There are 360 million people in Africa without access to clean water.**<sup>1</sup> That's half the population of the continent. Instead of dwelling on how enormous the problem is, let's do something. Together we can drill wells for deserving people who desperately need them. There are two ways to get involved:

**1) Buy A Shirt:** Visit the site below to purchase our quality tees. 100% of the price you pay goes into drilling wells.

**2) Become A Reseller:** Click the "Get Involved" link on the site to get instructions on how you and your group can multiply your generosity.

Together we can make a difference. ***We're halfway there.***

*"The water is not good in this pond. We collect it because we have no alternative. All the animals drink from the pond as well as the community. Because of the water we are also getting different diseases."*

—Zenebech Jemal,  
Chobare Meno,  
Ethiopia
